Cost is \$200 per person or \$280 for two people which includes travel, lodging, and tickets to the museum and show. Meals will be your responsibility. Bill Zech reports that the bus is currently

full, but he is accepting names of those who would like to go if he receives a cancellation.

In addition, a new felt wheel has been purchased and installed on the club's sharpening machine. Anyone who carves or would like to learn to carve can do so in this no stress learning environment. The cost for instruction is free. # Planning Council & Show Committee Meeting

Those in attendance at the combined Planning Council and Show Committee Meeting were Rod and Sonja Flinchbaugh, Bill Zech, Kyle and Doug Gabel. We would like to have more people have a hand in planning the future of our club as well as our annual show. The council meets only four times per year. Please consider joining us at the next meeting which will be held on Tuesday, July 22 at 7:00 PM in the club meeting room at the EBACC.

**A new light on the subject** - Rod Flinchbaugh reported that the new lights have been installed in the meeting room. You won't believe the difference; you'll see the room in a whole new light!! The old light fixtures are for sale for \$5.00 each on a first come first served basis. See or call Rod if you are interested in purchasing.

## SHOW NEWS:

**Purchase Award** - The council decided that the club will have a purchase award contest for the raffle. The club will purchase **two** carvings rather than one for this year's raffle. The purchase price will be \$125.00 each. As in past years, the people in attendance at the picnic will vote and choose the carvings to be pur-

chased. Carvings should be completed and brought to the picnic on July 20.

**Show Button Design** - There will be a show button design contest again for the 2003 show. Remember, the design must fit in a 2 1/4" circle and contain the following information: year, Conewago Carvers, and Exhibitor. The rest is up to you. It must be in a print ready format so it can easily be copied. The judging will be at the picnic on July 20 and the winner will receive \$25.00.

**Friendship Cane** - The friendship cane will be auctioned off at our show in October, along with the whittling contest items and a carving from our chainsaw carver. Rod has asked that you continue to work on the blocks for the friendship cane and if you need a blank or need more blanks see or call Rod.

**Help Wanted (and offered)** - Jim Gillis has volunteered to take charge of the silent auction at the show again this year.

Charlie Galloway has again volunteered to take the photos at the show.

Rod Flinchbaugh has agreed to

plan and conduct the whittling contest.

Doug Gabel will contact the show sponsors for the 2003 awards.

There are lots of people volunteering to do many things for the club but we will need more help for our show. Please, when the sign up lists are circulated, add your name even if it is only for an hour or two.

The show fliers are printed and ready for distribution. Help us advertise our show by picking up a stack and handing them out to businesses, friends and family.

**Extra Mile Award** - It is again time to think about the person or persons who will receive the Extra Mile Award at our annual banquet. Members should provide names to President Rod Flinchbaugh no later than September 21, 2003. The nominations are to be based on the following criteria: The award will be given to an active member or members who have gone out of their way to make the club a better organization.

March's program was given by Jeff Haring, a chainsaw carver.

Jeff went to art school and has always loved art. He started carving in the summer of 1989 when he hacked out a duck using a hatchet and an unidentified piece of wood. He took courses with Woody Miller to refine his

skills and started chainsaw carving in the summer of 1999. He started with a McCullough saw and later went to a 12" Echo CS3000.

To carve, Jeff starts with an idea, then blocks the wood out to get the general shape and adds the details. After carving, he uses a linseed oil mixture (half

linseed oil, half paint thinner) to preserve the wood. He then paints the wood if needed.

Jeff carves just about any wood he can find, but loves sassafras, oak and cherry. If you would like to learn more about chainsaw carving, contact Jeff as he is willing to share what he has learned!

## See you May 18 at the EBACC!

The program for May's meeting will feature the return of one of the founders of Conewago Carvers, Larry Kampel, who will demonstrate the art of chip carving.

Larry's carvings are exquisite and he plans to bring some of his past projects to share with us.

Plan to join us for a most enjoyable afternoon.
