

CONEWAGO CARVERS

PRESIDENTS REPORT

MEETING DATE JULY 18, 2021

Hello Conewago Carvers. We are happy to report that at the belated 2020 Christmas gathering we had 23 members come out and join us.

OLD BUSINESS

Connie H., Patsy H., and Dave P., were on hand for Art in the Garden event to promote our club. Thanks to you three.

The old band saw, drill press have been sold, and the old scroll saw was removed by Dave & Linda Murphy. B. Nesbit is still watching Market Place for a used scroll saw that is in good shape. At the July meeting a cost of not to exceed \$300.00 was approved by vote. If you have a scroll saw you are looking to sell please let us know.

Friendship Cane blocks are due at the August meeting.

I am happy to report that Kyle Gable and Patrick W are working together to be able to have Patrick keep the website updated. Thanks Kyle, and thanks Patrick for taking this over.

Woodchuck Challenge was won by Connie Hoover, and the final totem pole carvings were won by Joan Hiser, and Jack Moxley

NEW BUSINESS

Historic East Berlin Fall Festival will be held September 11, 2021 from 8am to 4pm. We are planning on having a club table at this event and would like members to come on out and do some caring and hand out brochures for the club show. Please let Patsy H. Connie H. or Bob N. know if you would be available at any time on this date.

In September we will have a club table at the Saturday Gettysburg Farmers Market. Additional information on date and time will follow in the August newsletter.

In October the club will have two large glass display cases at the East Berlin Public Library to help promote our club as well. Please bring your carvings to help promote our club, the carvings will be on display for the month of October. These display cases are in the library entry way so lots of people will be seeing your work. Let's fill these cases up and promote Conewago Carvers.

The 2022 club audit which will take place in February thus far we have Jim O, Bob N, on the committee.

Our August meeting presentation will be by Jay Hendrickson on Damascus Steel. This should be very interesting on making knives.

That's all for this month. Keep your knife sharp and the chips flying!
