

Wood Splinters March 2017

Presidents Message:

Happy Easter to Everyone! President Murphy here, finally back from sunny Florida to the frozen tundra of East Berlin.

First and foremost, I want to thank everyone who covered for me while I was on vacation: Joan & Jim Hiser, Sam and Esther Aulthouse, Don Karnas, Joe LeGore, Rick Baker and Doug Gabel for representing our club at the Lancaster Show; Chris Biles for presenting our March program; Don Karnas for taking care of Tuesday nights; Esther and Joan for snacks; Joe LeGore for covering for the Vice President at the March meeting; and Patsy Harnett for being acting secretary.

My tryouts at the Cypress Garden Ski Team went well but they wanted me to ski on the bottom of the pyramid. I wanted to be on the top waving to the crowd, so no dice and I'm back in Pennsylvania.

Jim Hiser has lined up another year of great seminars. This is a wonderful opportunity to support the club by taking several classes. You will learn different approaches to carving, make new friends, have a good time and come away with a finished piece. (See our list of great seminars).

Honesdale (July 16-20) and Buckeye (July 19-22) Woodcarver Roundups are just around the corner. Here is another great way to support carving, take inexpensive classes, meet great people and learn. Side note: The Clearwater Woodcarver's Roundup potentially draws on thousands of carvers in a 2 hour radius. Jim O'Dea did a great job of advertising in magazines but the local clubs did little to help, including show up. As a result, Jim told me he will no longer hold a roundup at Clearwater. A week or two later, I had a table at the Hudson, FL woodcarving show and the Clearwater club members were there trying to recruit instructors for next year but to no avail due to the poor attendance this year. Hopefully Jim will find a new site for a Roundup somewhere else in Florida, but for the Clearwater area woodcarvers, that ship has already sailed. Don't let that happen here in Pennsylvania.

Mark your calendar now for these upcoming events of interest in our region:

Ward World Wildfowl Carving Competition – April 28-30

Northeast Woodcarvers Roundup (Honesdale) – July 16-20

Buckeye Woodcarvers Roundup (Ohio) – July 19-22

Dayton Carver's Artistry in Wood – October 14-15

Conewago Woodcarver's Show – October 28-29

West Shore Woodcarver's Show – November 18

I'm always looking for ideas for our Tuesday Night projects (Linda Murphy, 717-968-9306). If I hear nothing, I will assume that is what you want to carve!

Here is the tentative program schedule for the rest of our 2017 Monthly Meetings:

April 16 – No meeting since it is Easter Sunday.

May 21 – Vic Hood – Archeology special.

June 18 – Jay Hendrickson – Master Bladesmith (knife maker, instructor)

Be sure to bring your latest carvings each month for "Show & Tell." Works in Progress are especially good to show as they help others see the process.

We are having a Planning Meeting and Show Meeting on Saturday, April 22 at 4:30 immediately after the Bob Stadlander class. All club members are welcome to attend.

If you are thinking about getting a table at our show, DON'T DELAY, they are filling up fast.

We are offering a woodburned "Conewago Carvers 25th Anniversary" knife for \$40. Contact Jim Hiser (717-243-0644) to get yours on order. Because of unforeseen circumstances, we needed to get a new secretary. Patsy Harnett graciously agreed to take on the job. THANK YOU, PATSY!

With Kind Regards,

Linda Murphy

P.S. – I'm off soon to try out for the New River Gorge Bungee Jumping Team. How hard can it be? As easy as falling off a bridge, RIGHT? I'll fill you in on how it goes next month.

P.P.S. – Oh, yeah, a special THANKS goes out to "**Mr. Wonderful**" (a.k.a. Dave Parker) for doing "nearly EVERYTHING" while I was away!

Minutes from March Meeting:

Joe Lagore opened the meeting.

Just a note the Yorkarvers show is April 22 we will have a table there. The show is Saturday only.

There is a need for programs for Tuesday nights. If you have something you could share with the group please step up and let us know.

We need to set the date for a training session for the TV and the Camera.

It has been brought to our attention the website is hard to navigate. The new member mentioned it was difficult to find out any current information about the newsletter or the workshops.

The sewer smell was overwhelming and needs to be addressed.

The library is good and open

Power Carving is starting Thursday 23rd please call Rich Baker if you plan on attending.

25th Anniversary plans are ongoing for the show. Tables will be at a premium so if you want one you will need to put in your application early.

We need to get the applications printed or on the web site for the members to download soon.

For anyone who carves: A person who is making a table is looking for someone to carve a relief carving of a stream into a inset of basswood.

The job is paid. If you are interested Please contact Mike Nowakowski for additional information at 717 761-7121

There **WILL BE NO APRIL MEETING**. This is Easter Sunday

Just a note: The Presidents letter has been very funny. We want to thank the writer for such a good laugh and we would like them to consider doing the newsletter.
